FIRST & LAST NAME: _____ PARENT SIGNATURE: _____

TIP GOAL: _____

The Powerful Word of the month is fairness. Fairness means; “treating others according to what is deserved, needed or appropriate.” As we know, life is not fair. And yet, we want to show fairness in the way we live. H. Jackson Brown, Jr. once said; “Live so that when your children fairness and integrity, they think of you.” Given that there are children and young teens who look to you for guidance, advice and as an example, how can you show fairness and integrity in your life? Would the children in your life view you in this way?
