PROJECT

HONESTY

AGES 4-6

FIRST & LAST NAME: _____ PARENT SIGNATURE: _____

TIP GOAL: _____

Honesty means; "I show and tell the truth!" Honest people tell the truth. They play fairly and don't cheat. When people are honest, they ask before they borrow items from others. They don't steal. Honest people are truthful in both words and actions. Below, read about our friends and circle which choice you think is the best one. You can do it!

Farley wanted to make a healthy salad for himself and his sister. He only had carrots. He didn't have money for other vegetables so Farley stole them. Is he making a good choice?

- (a) Yes. Salad is healthy so stealing is okay.
- (b) Yes. It was also for his sister.
- (c) No. Stealing is not an honest choice.

Jo wanted his new friend, Fred, to like him. Jo told Fred that he knew how to swim, bike and climb even though he really didn't know how to do them. Is he making a good choice?

- (a) Yes. He is trying to make a friend.
- (b) No. He should be himself.
- (c) Yes. Fred might not like him if Jo is completely honest.

Pat was playing a game of tennis with her friend, Fay. Fay lost track of the points and thought she was losing. Pat was honest and told Fay the real score. Did she make a good choice?

- (a) Yes. We should be honest with friends.
- (b) No. Nobody would have known if she lied!
- (c) No. If you want to win, it's okay to cheat.

Draw a picture of a time when you showed honesty. Did you make a good choice?

What did you do? _____
